**\*\*Tokens can be used at \*\*\*\*voting. At each voting, a contestant can be voted off with combined votes from readers and contestants.  
\*\***

**\*\*Tokens (27)\*\***

**\*\*Avalanche Token\*\***: 5 contestants can't vote that round

**\*\*Balance Token\*\***: A contestant of choice must give tokens to the user until the number of tokens they both have is equal.

**\*\*Co-Op Token\*\***: If two contestants use this token, the gain immunity.

**\*\*Disguise Token\*\***: The user puts on a disguise until death. Mostly useless.

**\*\*Echo Token\*\***: Use with another token. After the elimination, if the user is not eliminated, they get two of the same token they used. Can not be used with \_Win Tokens\_ or \_Immunity Tokens\_.

**\*\*First Token\*\***: The first voter's vote is the only one that counts.

**\*\*Gain Token\*\***: The user steals another contestants token.

**\*\*Hat Token\*\***: The user gains immunity to \_Avalanche Tokens\_, \_Gain Tokens\_, and \_Launch Tokens\_ for 5 eliminations. They also get a hat.

**\*\*Immunity Token\*\***: Gives the user immunity.

**\*\*Jellify Token\*\***: The user turns into jelly until death. Mostly useless.

**\*\*Kind Token\*\***: The user may give someone immunity. The user also gains two tokens.

**\*\*Launch Token\*\***: The user gives a target 50% of their votes.

**\*\*Magic Token\*\***: It gives a random effect.

**\*\*Nosey Token\*\***: The user knows who voted for them. Mostly useless.

**\*\*Octopus Token\*\***: The user chooses 8 people who can't vote that

round.

**\*\*Poison Token\*\***: One contestant receives 1 extra vote per round. Every round after, the number doubles.

**\*\*Question Token\*\***: Every contestant up for elimination is asked a question. Almost useless.

**\*\*Revenge Token\*\***: All contestant (s) that received less votes than the user will get their votes multiplied by 150%.

**\*\*Swap Token\*\***: The user swaps tokens with someone else.

**\*\*Theft Token\*\***: The user steals a token from someone else. They can not steal a \_Win Token\_ or an \_Immunity Token\_.

**\*\*Umbrella Token\*\***: The user gains immunity to \_Avalanche Tokens\_, \_Gain Tokens\_, \_Launch Tokens\_, some effects of \_Magic Tokens\_, \_Nosey Tokens\_, and \_Octopus Tokens\_. for 5 eliminations. They also get an umbrella.

**\*\*Vanity Token\*\***: The user gains a mirror and can reflect votes by contestants back at them.

**\*\*Wait Token\*\***: The user gains immunity, but on the next elimination their votes double.

**\*\*Win Token\*\***: The user's votes get chopped in half.

**\*\*Xerosis Token\*\***: All contestants that voted for the user get extremely dry skin. Almost Useless.

**\*\*Your Token\*\***: Gives the \_Your Token\_ to someone else. Completely useless.

**\*\*Zinnia Token\*\***: The user gets a flower to hypnotize someone.
